## WEBSITE BUILDING

### Fun in Website Building for Youth

#### 青少年網頁製作班 (Ages 11 & Up)

In the world of internet, websites are important media for personal and commercial uses.

Students are guided to build a beautiful website on a free platform to display their artwork, interests and photos. During the lessons, they will prepare the necessary information and materials, design webpages with tools, set up a menu for navigation and publish the website. They will be proud of showing their website to their family and friends.

Richmond Virtual School (RVS) is a Distributed Learning secondary school that uses a blended model of online and face-to-face interaction to deliver high quality and dynamic learning opportunities to Richmond students. We have one of the highest success rates in BC.

RVS students have more choices and flexibility to learn the course content at a time that works for them. As independent learners, students will also benefit from developing life-long learning skills that will prove useful in other online learning opportunities.

We provide free full credit courses in grades 10 to 12. Students can take one or more courses through RVS and still be registered in their home school. We also offer a personalized project based learning program, for grade 11 and 12 students, called **SKY**. We have extended the **SKY** program to include grade 8 to 10 students in our new program called **RAIL**. See our website for more information.
